“ *Sending heartfelt condolences and expressions of love to my family of Carlos Bundridge. We may not have seen each other in a while, but the memories of our youth will sustain me for a lifetime. May the memories that you have of Carlos remain with you. He was an extraordinarily kind friend and I will keep those memories close to my heart.*

“ *Natasha and Sherry,*

I'm sending you both our family's heart felt condolences on the passing of your dad and husband, Carlos. When I think of my childhood growing up in Homestead hanging around Ann Street, Carlos is definitely one that I think of. He always greeted me with a smile, "Hey Che, what's up Baby?" My dad Sidney and Los as my he called him played cards together. I know this is a trying time as you've both just buried your grandmother and mother. There are no words to ease the grief that you're experiencing right now. Just know that there of people praying to God for your strength in the days to come.

*Love always the Sampson-Youngs
